

From your reception, exhibits and cafe to comprehensive wayfinding and donor recognition, VGS delivers cultural institutional programs that ultimately create visitor experiences that attract, inform, direct and motivate.

VGS can create and translate your organization's mission into experiential opportunities for your visitors with our innovative systems and through our design, fabrication and installation capabilities.

Think.
Create.
Experience.

Recognition Systems

While known for its custom architectural capabilities, VGS offers a broad array of standard signage and display products that complement a wide range of environments and applications. Many feature interchangeable components that are easy to customize and update for your specific needs.

Update Options You Control

You're in control with our exclusive MagaLens® system, simply lift the durable Lexan® cover and install your printed graphic inserts in second. Designed for the digital age, VGS fixtures use plain paper inserts you can generate from conventional laser and inkjet printers. And with our Sign-O-Matic™ software, you can design and print your own inserts like a professional!
